Defect ID: ECOM-001

Title: Filter Sidebar is Missing on Search Results Page

Feature: Search & Filter

Related Test Case: TC_06

Summary:

Filter sidebar/module is missing from the Search Results page; preventing users from filtering products by price, category, color.

Environment:

- Application: PrestaShop Demo Front Office ([Link](#))
- Browser: Chrome
- OS: Windows 11

Severity: High

Priority: High

Precondition:

- User is on the Search Results page.

Steps to Reproduce:

1. Open the PrestaShop demo site.
2. Search for any product.
3. Navigate to the Search Results page.
4. Check for the Filter Sidebar.

Expected Result:

The filter sidebar should be displayed with options such as Price, Category, Color, etc.

Actual Result:

The filter sidebar is missing from the Search Results page.

Status: New

Title: Multiple Filters Cannot Be Applied Because Filter Options Are Missing

Feature: Search & Filter

Related Test Case: TC_07

Summary:

Users cannot apply multiple filters simultaneously because the filter options are unavailable on the Search Results page.

Environment:

- Application: PrestaShop Demo Front Office ([Link](#))
- Browser: Chrome
- OS: Windows 11

Severity: High

Priority: High

Precondition:

- User is on the Search Results page

Steps to Reproduce:

1. Search for any product.
2. Open the Search Results page.
3. Try to apply Category and Price filters simultaneously.

Expected Result:

The system should allow users to apply multiple filters together and display matching products.

Actual Result:

Filter options are unavailable, so multiple filtering cannot be performed.

Status: New

Defect ID: ECOM-003

Title: "Clear All" / "Reset" Filter Option is Unavailable

Module: Search & Filter

Related Test Case: TC_13

Summary:

The Clear All/Reset filter option is unavailable due to missing filter module on the search result page, preventing users from removing applied filters and restoring the default search results.

Environment:

- Application: PrestaShop Demo Front Office ([Link](#))
- Browser: Chrome
- OS: Windows 11

Severity: Medium

Priority: Medium

Precondition:

- User is on the Search Results page

Steps to Reproduce:

1. Search for a product.
2. Attempt to locate the **Clear All** or **Reset** option for filters.

Expected Result:

A **Clear All/Reset** button should remove all applied filters and restore the original search results.

Actual Result:

The button is unavailable because the filter module is missing.
